

Wildrose Gundog Workshops (See descriptions of workshops below.)

Starting Your Pup the Wildrose Way (3 to 8 months old)

This course focuses on starting your retriever (all breeds) on the proper path to becoming a well-rounded, hunting partner of upland game and waterfowl. Gentle, highly repetitive methods are used to show you step-by-step how to start your pup from crate training to lining. Topics include obedience, steadiness, promoting calm behaviors, patience, introduction to birds, memories, doubles, early marks, reading your pup and much more.

Participants are invited to bring their pup to work with and will have the opportunity to handle a variety of different dogs at various levels of training, a real hands-on opportunity. (All breeds welcome).

Instructor:

Mike Stewart, Owner/Trainer, Wildrose Kennels, Trainer of Classic Wingshooting Retrievers. The Wildrose methods are a no-force, low-force training methodology that proves to be very effective in training hunting retrievers and great companion dogs.

Cost: \$100
